During this artistic competition, different styles of artists of high level, previously selected by the Preparatory Committee for Events, were confronted. The aim of this event is to participate in a revival of the visions of contemporary art, taking into consideration a number of aesthetic criteria, which build the international art.

On June 8, 2019 in the Salons of the Mercure Hotel **** Marseille Center Vieux Port, at the end of the Jury's work, was held the Palmarès awarding the prestigious artistic distinction to the winners of the competition.
